IRIS DAYLILIES 1951

TOM CRAIG
HYBRIDIZER & GROWER

RANCHO DE LAS FLORES
STAR ROUTE, BOX 315, ESCONDIDO, CALIF.
PHONE ESCONDIDO 8836R4

GREETINGS TO

All our old friends. Thanks for your support of our hybridizing work through your orders and welcome letters.

Again we have greatly improved our lists of Iris and Daylilies until they are unmatched in quality.

We are still prepared only for mail orders. We have no salesmen and our sales yard is not yet complete.

Order blanks enclosed. Note discounts offered there. Check some of the starred varieties and we will include them as extras if stock permits.

Our new flower farm here at Escondido is developing well and the location is ideal for iris and daylilies. The move was too great for one season. This means we have an overabundance of iris and daylilies, and when you open your order you will be pleasantly SURPRISED.

Please note our special prices on the fine older varieties. We cannot afford to move or to catalog so many varieties; hence, they are priced to sell. Please also note many generous collection offers scattered through the catalog.

Wholesale customers welcomed; write for special terms.

1951 INTRODUCTIONS

Clarence White and Tom Craig again offer new iris. Quinn Buck offers three more fine daylilies. Mr. W. B. Davis, a newcomer to our group, also introduces three new daylilies.

CLARENCE WHITE

Currently iris enthusiasts are amazed and delighted to see the great advance in Mr. White's oncobred seedlings. They are larger, taller and more vigorous and carry much of the exotic oncocylus pattern. This year Mr. White can release a few rhizomes of the following three varieties, all of which appear to have breeding possibilities.

PALI OF BACTRIA—Deep lavender dark veined and blending to greenish yellow at rib and golden brown at haft.....	20.00
VINAYA OF SHANKARA—Early 40" Quaker drab veined and tinted primuline yellow intensified at haft.....	20.00
JATAKA OF NAGASENA—Haemotoxylin violet blending to Corinthian purple at ribs and haft. Smooth.....	20.00

CRAIG 1951 INTRODUCTIONS

TALL BEARDED IRIS

CAN-CAN—City of Lincoln x ((Tiff. x L. A.) x (Tiff. x M. L. Aureau). A fluffy ruffled golden blond with a violet and orchid collar of lacy striations radiating downward from the throat. A curious fancy-plicata variegata pattern with individual character. 44".....	5.00
FAREWELL—Molten x (Prairie Sunset x Brilliant Amber). A fine large full orchid self. 40".....	15.00
GOLDEN PERCH—(Prairie Sunset x Sultan's Robe) x Cascade Splendor. Faultless medium sized orchid and flaring flower of golden henna with orange gold beard and a small closely confined blue and violet blaze on the falls.....	20.00
TABASCO—Rich Raiment x Joseph's Mantle. A fancy much like Rich Raiment in pattern and growth but in color like a heavy sprinkling of paprika on an omelet.....	20.00
SHOCKING—Rose Bowl x Mexican Magic. A bright rose red blend with a large bright violet blaze.....	15.00
SLEIGHRIDE—(Purissima x (Mesopotamica x Dominion) x Chivalry. A tall fine and full blue white.....	10.00
SUMMER SUN—(Berk. Gold x Tobacco Road) x (O.K. x Cascade Splendor). A very full flaring deep yellow.....	15.00
WARPATH—(China Maid x Tiff.) x Sult. Robe) x (Prairie Sunset x Brilliant Amber). An iridescent copper red with form and plant habits much like Tobacco Road.....	15.00
NOVELTY—(Tiffany x L. A.) x Belle Brunette. An unusually full flaring flower with almost circular flower parts. A striated orchid, pink, and cream fancy plicata. Well branched 42" stem.....	10.00

Note bargain offers and discounts on pages 4, 5, 12, 13, 15, 16, 17, 21, 22, and on our order blank.

SPURIA IRIS

ANTIQUE BRONZE (Russet Flame x Sunny Day) x (R. Flame x Fifth Symphony). Medium-sized very dark bronze spuria	7.50
INVESTMENT—(Russet Flame x Sunny Day) x Wadi Zem Zem. Opulent golden spuria self as satisfying as its name....	10.00
SUNNY SIDE—(Alice Eastwood x Sunny Day) x Wadi Zem Zem. A big full white and yellow spuria amoena.....	10.00

ONCOCYLUS HYBRIDS

AMERICAN MODERN—Gay Seniorita x Joppa Parrott. Olive ochre sometimes flecked viridian especially on style branches. Falls heavily yet transparently veined, washed and veined with reds varying from crimson lake to brown madder. One of my favorite oncobreds being novel, vigorous, prolific, perfectly branched and over 3' tall.....	20.00
BLUING—Purissima x Capitola. The many thousand hybrids raised from this cross included fine small border plants. This starched and flaring light blue is my first pick of these. Distinct and sure to be liked. Low price only because of small size for stock is limited.....	10.00
FANCYWORKS—(Tiffany x L. A.) x Sib) x Capitola. Truly a novel flower—for it is the new fancy plicata pattern combined with Mohr type veining (particularly in the standards). Full Mohr flower: a burgundy self in effect; but actually intricately and delicately patterned with varying deeper values of this color on the lighter ground. 40" perfect Eupogon stem and growth.....	20.00
FOX FIRE—Gay Seniorita x Joppa Parrott. A blended rather than veined oncobred of Naples yellow to subdued golden ochre with haft of brown madder. A delicate lustrous lavender flush radiates over the falls.....	10.00
KING DAVID—Acropolis x Capitola. Our deepest Mohr hybrid to date. A heavily veined deep rich blue purple. Large, heavy substantanced, and tall.....	10.00
MAUVE DECADE—Heigho x Gay Seniorita. A flower for arrangement enthusiasts, this is neither as full or large as you would expect from the pedigree. The color is most unusual being a smoky smooth chamois with a lavender wash on the falls. Tall, heavy, well branched.....	7.50
PUNCH BOWL—(Tiffany x L. A.) x Sib) x Joppa Parrot. Heavily marked oncoplic of burgundy on white. Standards large veined all over; falls small and tucked under in onco fashion with border and stripe down the center. 36" well branched.....	7.50
STEEL—Purissima x Capitola. Big tall perfect Mohr type flower in pale greyed lilac with rosy lilac stippling in the throat. Both texture & color have a metallic quality	15.00
CRYSTAL CLEAR—Purissima x Capitola. A perfect Mohr type flower about the color of Distance but perhaps a little more on the green side.....	15.00

MR. QUINN BUCK

Quinn Buck's fine daylily introductions last year were very well received. This year he offers:

EL MORENO—Rich blackish brown set off by wide cream mid-ribs. Good grower.....	7.50
JEWEL CUP—Lovely pastel apricot with delicate red eye zone low in the cup. Vigorous grower.....	8.00
ORO FINO—Intense deep yellow of frosty texture. Free flowering, hence gives fine garden display. Slender stems.....	5.00

WM. B. DAVIS

Mr. Wm. B. Davis of Montebello has been breeding daylilies for many years. In his garden last season I saw fine seedlings. I especially liked the one named Dr. Corliss. He has chosen this and two others to introduce this season.

DR. CORLISS—Salmon with large bright red spots on petals. 5" flowers	15.00
APACHE GOLD—Orange yellow, apple green spots on petals. Evergreen 5" trumpet shaped blooms. 3'.....	8.00
RED FLAMINGO—4" Chrysanthemum red blooms. 3'.....	5.00
